

## EDUCATIONAL PASSAGES

### The MiniBoat Program

Where MiniBoats  
*ride the waves*  
learning sets sail.

Holly Howell  
Founding EP Educator

#### The MiniBoat Package

The package consists of a fiberglass hull with an attached deck, a keel, sail, Iridium GPS, and assembly instructions. The completed hull contains a large watertight compartment for scientific sensors, messages, trinkets, and local artifacts. The keel must be ballasted with sand and resin. Then the keel and mast are glued in place. The GPS will be sent separately when you are ready to launch the vessel. | \$2,300

#### What's Included

All MiniBoat (MB) packages include the following:

- Assembly instructions
- Access to our network of captains and organizations who can help launch your boat
- 1-year NMEA Membership
- 2-year EP Yacht Club Membership (\$50/yr following)
  - Personal boat page and tracking on the EP site
  - Aligned to NGSS and Ocean Literacy Standards
  - Access to the MiniBoat Path Analysis Tool

#### Ordering

To order a MiniBoat use the Order Form available on our website: [educationalpassages.com/order](http://educationalpassages.com/order). Kit boats are also available, but should only be attempted by experienced fiberglass workers. Check out our Construction Manual at the following URL: [educationalpassages.com/build](http://educationalpassages.com/build).
